## KyIP Training Center News and Updates

### ***Spring (and the illnesses associated with it) is here!***

March 19th marked the first day of spring. With the longer days and warmer weather, we are all spending time more outdoors - enjoying a picnic, walking or hiking, attending a sporting event, or playing a sport ourselves! However, with the change in weather comes an increased risk for tick and mosquito bites, bee stings, GI illnesses, and allergies. Luckily there are prevention strategies that can be used to decrease the risk that these ailments will affect you and ruin your spring time fun....

## 2024 IP Boot Camp Is Back!

We are thrilled to announce the highly anticipated return of our Infection Prevention Boot Camp, featuring an enhanced program with new presentations, new interactive simulations and tabletop exercises, and new presenters from the CDC, KDPH, and KyIP Training Center.

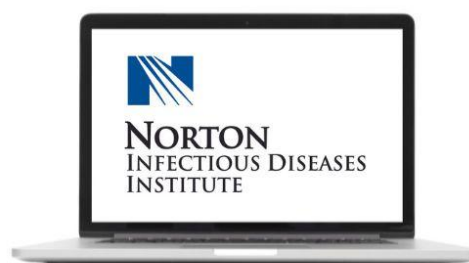

This year, we've crafted a dynamic learning experience that combines the convenience of virtual didactic sessions with the hands-on practicality of in-person simulation training, all tailored to meet the unique needs of healthcare professionals in each region of Kentucky. **Best of all, no cost to attend! Registration is Now Open!**

**FREE Infection Prevention Units: IP Boot Camp is endorsed by the Certification Board of Infection Control and Epidemiology (CBIC). Earn 5 IPU's by attending!**

**FREE Continuing Education Credit: Earn 18 hours of CE by attending the IP Boot Camp. CE is accredited through ANCC.**

**May 1st** - *Virtual Didactic Session (virtual - unlimited registration)*

**May 9th** - *In-person Session at Pikeville Medical Center, Pikeville, Kentucky (limit 150 attendees)*

Presented by Norton Infectious Diseases Institute (NIDI) the Infectious Diseases Grand Rounds series addresses topics that are timely and impactful in areas of infectious diseases and infection control research and practice. **Bi-weekly** features an expert that led presentations on infectious diseases, infection control, research, and related fields.

**When: April 10th & 24th from 12:00 PM – 12:30 PM EST**

### Upcoming Topics and Speakers

April 10, 2024  
*Community Acquired Pneumonia in Immunocompromised Host*  
Thomas Chandler, MPH

April 24, 2024  
*Microbiology*  
Alan Junkins, PhD
